Objectives  
OneVision Pricing is to provide a better, faster and more accurate rating service to the organization, including a detail view of the price breakdown. Supporting booking date base rates in addition to the existing rating strategy, OneVision Pricing stores all tariffs and contract rates, including approved quotations. These rates are made available for booking, B/L and invoice by being integrated seamlessly with OneVision Agency as well as myMSC.com.

Expected Outcomes  
New release 2.5.0 to be delivered in January 2023 with following scope:  
- Tariff revision: Deliver MVP  
- Commodity groups consumption through PCS  
- Tariff Tiers enhancements  
- QUO Posting : Post Negotiated Container Rental in OVHQCR
